The Home Screen

- **View Status Information:** The Status Bar displays status information for your iPhone, visible in all apps and on the Home Screen.
  - 📡: The iPhone is currently connected to a Wi-Fi network.
  - 🔋: Displays the iPhone’s battery status, accompanied by the percentage of battery charge remaining.
  - ⌚: The iPhone is currently locked.
  - 📠: The iPhone is using location services to determine your location.
  - 🎧: The iPhone is currently playing audio.
  - 🔗: The iPhone is connected to a Bluetooth device.
  - 📲: The iPhone is in Airplane Mode, disabling all of the wireless radios.
- **Open an App:** Each app is represented by its icon. Simply tap an app icon with your finger to open the app.
- **Navigate Between Home Screens:** Each Home Screen is represented as a dot, with the active Home Screen represented as the brightest dot. Tap and drag anywhere on the Home Screen to move left and right between Home Screens.
- **Rearrange the Home Screen:** Tap and hold your finger on an app icon until app the icons begin to wiggle. Drag the app icon to a new location on the Home Screen, or to the side of the Home Screen to move it to another Home Screen, than release it. Press the Home button when you’re finished moving app icons around.
- **Add an App to the App Dock:** App icons and folders in the dock at the bottom of the Home Screen will be available across all of your Home Screens. The dock can hold up to four apps and/or folders. Drag an app or folder icon onto the dock while rearranging to add it to the dock.
- **Create an App Folder:** Folders can hold up to 12 apps each. To create a folder, drag one app icon onto another and hold until a folder is created. Then, drag the app icon into the folder and release.
- **Delete Apps:** Tap and hold your finger on an app until the icons begin to wiggle. Tap the Delete button (🗑) that appears in the upper-left corner of the icon to delete an app from your iPhone. Apps which are included as part of iOS cannot be deleted.
- **Switch Between Apps Quickly:** Press the Home button twice quickly to reveal the Multitask Bar. Recently-used apps will be displayed here. Tap an app icon in the Multitask Bar to go back to that app.
- **Close Apps:** Returning to the Home Screen from an app doesn’t close the app, just suspended in memory. To completely close an app, bring up the Multitask Bar, tap and hold an app icon until the icons begin to wiggle, then tap the Quit button (🔚) that appears in the upper-left corner of the icon.

The On-Screen Keyboard

- **Insert Numbers & Punctuation:** Tap the Numbers & Punctuation key (123) to change the on-screen keyboard to the Numbers & Punctuation keyboard, which displays numbers as well as commonly-used punctuation such as ; : (). Tap the Symbols key (リフォ) to change the keyboard to the Symbols keyboard, with more options such as # % < > ∼.
- **Insert Accented Characters:** Tap and hold a letter to display a popup of accented or alternate versions of that character.
- **Enable International Keyboards:** Tap the Settings app icon, then tap the General button to open the General settings pane, then tap the International button in the General settings pane. Tap the Keyboards button, then tap the Add New Keyboard button. Select a language from the list to add that keyboard.
- **View International Keyboards:** Tap the International key (Flag) to switch between any international keyboards you have set up. Tap and hold the International key (Flag) to display a popup menu so that you can switch directly to your desired international keyboard.

Copy and Paste

- **Select Text:** Tap and hold your finger over a word until a magnifier appears, then tap the Select or Select All button in the popup that appears. If you want to select multiple words, drag the blue selection dots (○) to the beginning and end of the text you want to select.
- **Copy Text:** Select the text you want to copy, then tap the Copy button in the popup that appears.
- **Paste Text:** Tap and hold where you want to paste text, then release after a second and tap the Paste button.

Networking your iPhone

- **Join a Wi-Fi Network:** Tap the Settings app icon, then tap the Wi-Fi button in the left pane. Make sure that the Wi-Fi switch is set to On, then tap the name of the Wi-Fi network you want to join. If the network is secure, enter the security key or password, then tap the Join key.
- **Enable Airplane Mode:** Tap the Settings app icon, then tap the Airplane Mode switch to On. While Airplane Mode is enabled, wireless radios (Wi-Fi and Bluetooth) are disabled. Tap the Airplane Mode switch again to Off to turn the wireless radios back on.
